

"A journey of a thousand
miles starts under one's feet"

The Tao Te Ching of Lao Tzo

We are all on our life's journey.
There will be times when there are difficulties
and obstacles to face.

Counselling and Psychotherapy can provide an
opportunity to explore life's difficulties,
facilitating understanding and offering the
possibility of change.

Human beings are complex and unique and
this is acknowledged and celebrated in the
relationship that develops between therapist
and client.
